Hello 4-Her’s I am Andy Vernon, reporter of the Sci-Tech club. Here is a bit of what has been going on with our group. First of all, we are changing the way we work for a while to see how it fares. We are doing a presentation based system where the members will share knowledge or demonstrate something. We will continue to volunteer at the Humane Society Adoption Center, which is my favorite part because I’m an animal lover. We are a small group and this is an opportune time for new members to join us.
