DAVIE COUNTY

**WASTE
DISPOSAL
RESOURCE
GUIDE**

Here you will find resources for disposing of common household items. Contact the store listed or visit their website for specific instructions, fees, or daily limits.

Davie County Solid Waste: Auto and rechargeable batteries, used motor oil, scrap metal, tires, appliances, quarterly electronics recycling (336-998-6467)
<https://www.daviecountync.gov/661/Solid-Waste-Transfer-Station>

Auto Fluids, Filters, & Batteries: Advance Auto Parts, AutoZone, O'Reilly's, Walmart Tire and Lube, Tractor Supply

Batteries: Lowe's Home Improvement and Davie County Solid Waste (rechargeable only), Home Depot (lead acid and rechargeable), Batteries Plus (all types), Staples (rechargeable only)

Cell Phones: Staples, Best Buy, Davie County Solid Waste (quarterly electronics recycling), Batteries Plus; kiosk inside Walmart

Cleaning Products: Try to use up cleaning and other products according to the label directions to avoid disposal, or give the product to someone else to use.

Light Bulbs: Home Depot (CFL only), Lowe's Home Improvement (all types except fluorescent), Batteries Plus (all types)

Electronics: Staples, Best Buy, Batteries Plus, Davie County Solid Waste quarterly electronics recycling

Ink Cartridges: Staples, Best Buy

Latex Paint: *Open the paint can and allow the paint to dry up in the sun. If there is too much excess paint in the can to dry out alone, add kitty litter or sand and then allow it to dry out in the sun.* The paint bucket can be placed in the trash once all paint has dried up.

Medication: Foster Drug, Davie Discount Drugs, and Davie Health and Human Services offer medication drop boxes. *Do NOT flush medicine down the toilet unless specifically directed by the product label to do so. Seal in a plastic bag, add an undesirable substance, such as dirt or cat litter, and throw it away in household trash.*

Pesticides: Use up according to label directions, or give to someone else to use. Otherwise, save for the Pesticide Collection event held every other year in Davie County at the Masonic Picnic Grounds. Contact Davie County Center of N. C. Cooperative Extension for details.

Plastic Grocery Bags: Return to collection bin at various stores. (i.e. Food Lion)

Plastic Plant Pots: Home Depot

Scrap Metal: R&R Metals Recycling, Inc., Davie County Solid Waste

Yard Waste: Home compost, Wallace Farm in Advance (for Davie County residents), Compost Site at Rich Park (for Town of Mocksville residents only).

Make Donations: *Don't throw useable items away; donate them instead.* Just HOPE, Storehouse for Jesus, and Goodwill are all local options. This saves landfill space and helps a good cause.

Forsyth County 3RC EnviroStation: 3RC accepts a wide variety of other items including antifreeze, mercury thermometers, paint thinner, various types of paint, etc. Davie residents will need to show proof of residence in the county. Visit their website for a complete list of accepted items and guidelines for drop-off (336-784-4300)
